CORE COVER

1

Start with Core Cover

All plans start with Core Cover, which has a variety of benefits. All benefits are per insured member, per plan year, unless stated otherwise. Your employees must be treated at a hospital eligible under their plan.

Everyday care

Vitality GP – Using our Vitality GP app your employees will be able to have a virtual GP consultation within 48 hours. If needed, the Vitality GP can refer your employees for the most appropriate onward treatment meaning they often won't have to make an additional call or online claim.

Face-to-Face GP – When a virtual consultation with a GP isn't appropriate, Face-to-Face GP enables your employees to have access to a minimum of two consultations from Vitality's network of Private GPs for only £20 per consultation.

Additional Services – Through the Vitality GP app, your employees can refer themselves for physiotherapy or Talking Therapies, while the Vitality GPs can provide them with wellness advice and a skin analytics service.

The Vitality GP app is compatible with Apple iOS 12.0 and above or Android 6.0 and above. It's not compatible with Blackberry, Amazon or Windows Phone devices.

Physiotherapy

Our Priority Physio network gives you access to over 5,000 accredited physiotherapists at over 1,700 locations.

As part of Core Cover, your employees can access up to six physiotherapy sessions within our Priority Physio network.

Mental health support

Our approach to Mental Health seeks to provide support, regardless of your state of health – whether this be the opportunity to engage in positive, preventative health behaviours, quick access to counselling and Cognitive Behavioural Therapy.

Headspace – As part of Core Cover, your employees get a 12 month subscription on leading mindfulness app, Headspace on us. Your employees can earn Vitality points and rewards for engaging in mindfulness activities.

Talking Therapies – Cognitive Behavioural Therapy or counselling. Up to 8 sessions of Cognitive Behavioural Therapy or counselling per year through our Talking Therapies network. Vitality is the only leading health insurer that doesn't exclude any conditions or apply underwriting to Talking Therapies, ensuring that all members have access to this crucial support.

Togetherall – Full access to the online service that provides an anonymous forum for people experiencing mental health issues to reach out and receive support from peers and qualified 'Wall Guides'.

You can add the Mental Health Cover option with Vitality, to give your employees access to unlimited Talking Therapies, up to £1,500 Out-patient Cover and up to 28 days of in-patient cover per episode, plus up to 28 days of day-patient cover, per episode. Your employees will also be covered for multiple episodes of care during the year, should they need it. View page 16 to find out more.

Care Hub

The fast, easy way to get healthcare.

With Care Hub, your employees can arrange to see a Vitality GP fast, at a time to suit them. They can arrange up to six physiotherapy or up to eight mental health sessions, without the need for a GP referral. They can choose their consultant – and book an appointment straight away. They can also keep track of their claim at every stage, including instant online approvals for follow-up treatment, to give them complete, end-to-end control.

Plus, if they need to speak to us about their claim, they can easily connect to the right team, giving them the peace of mind that there's always someone on hand to keep things moving forward.

This means that, when you request care, you automatically get a choice of up to 10 consultants, with priority given to Premier Consultants.

Benefits of using Consultant Select

Smart - Consultant Finder uses our full network of consultants to automatically find up to 10 of the highest-ranking consultants for your condition based on specialism, performance and location.

Easy - Consultant Select offers a seamless care journey using our online Care Hub, with the option of phone-based support from our Member Care team.

TAILOR YOUR PLAN

Option 2 - Hospital List

Alternatively, you can choose the consultant that treats you, and the hospital you wish to be treated in, as long as they are recognised by us. You will still have access to our Premier Consultants should you wish to choose this treatment option. Our Countrywide and London Care lists of leading private hospitals give you control over where you are treated.

Countrywide hospital list

This hospital list includes:

- All of the hospitals in the UK's largest hospital groups, including BMI Healthcare, Nuffield Health, Spire Healthcare, and Ramsay Health Care
- A number of select local providers, including Aspen Healthcare and the New Victoria Hospital
- In Central London - The London Clinic, The Hospital of St John & St Elizabeth, King Edwards VII's Sister Agnes Hospital and the Royal Marsden Hospital
- Most other private hospitals outside of London
- All NHS Private Patient Units outside of London
- Some Central London NHS Private Patient Units

London Care

This hospital list includes:

- All private hospitals in the UK
- All NHS hospitals with private facilities in the UK

Treatment at a hospital not eligible on your plan

If you choose a hospital list, and have treatment at a hospital not eligible on your plan, you will need to pay 40% of the costs. If you want to avoid paying this, you'll need to use a hospital that is eligible on your plan. But if you need treatment that the hospitals eligible on your plan can't give you, you can contact us. We will find a hospital and a consultant to give you the treatment you need.

Choose an excess for your employees

You can choose to make your employees pay a fixed sum - an excess - towards their treatment. You can set the excess at zero, £100, £250, £500 or £1,000.

Once you've chosen an excess, you choose whether your employees pay:

Once each plan year- Even if they make two or more claims in the same plan year, they will only have to pay the excess once. If their claim carries on into the next plan year, they'll need to pay the excess again. This applies to each person included on your plan.

Each time they make a claim - If they make two or more claims in the same plan year, they'll pay an excess for each claim they make. When they claim for treatment for a particular condition, we consider it a new claim after 12 months, so they'll need to pay the excess again for any treatment after this point. This applies to each person included on your plan.

Vitality status-linked excess

If your plan has five or more employees, you can link their excess to their Vitality status. If your employees take steps to get healthier and improve their Vitality status, they can save on their excess payment, meaning that they could end up not having to pay any excess at all if they need to make a claim. There are two options available. You can choose to add a starting excess of either £250 or £150. The excess may be 'per claim' or 'per person per plan year'.

Vitality status	Bronze	Silver	Gold	Platinum
Excess amount	£250	£100	No excess	No excess
Excess amount	£150	£100	£50	No excess

The excess doesn't apply when making claims for NHS Hospital Cash Benefit, Childbirth Cash Benefit and Weight Loss and Corrective Surgery, costs relating to Vitality GP or Face-to-Face GP. We also wouldn't apply this excess to claims made under the Optical, Dental and Hearing Cover option, Worldwide Travel Cover and Emergency Overseas Cover, where a different excess may apply.

TAILOR YOUR PLAN

Choose the type of underwriting that suits you

We will use underwriting to work out whether we can cover your employees, what we can cover them for and how much their cover will cost.

This just means looking at your employees' age, their medical history and, if applicable, whether they've made any claims through your company plan before.

Any conditions we can't cover are called personal medical exclusions. A personal medical exclusion is usually a pre-existing condition or a previous illness, including related conditions.

A related condition is any symptom, disease, illness or injury which reasonable medical opinion considers to be associated with another symptom, disease, illness or injury.

There are FOUR different kinds of underwriting that you can choose from

Which one's right for your business depends on whether you've already got a company plan with someone else, how much information you want us to ask your employees for, and how large your business is.

1

Full Medical Underwriting

If you're happy for us to ask your employees about their medical history, you can choose Full Medical Underwriting. We might need to exclude some pre-existing conditions from their cover. But we always tell them upfront exactly what they're covered for.

2

Moratorium Underwriting

If you don't want your employees to tell us about their medical history, you can choose Moratorium Underwriting. As we don't look at your employees' medical history, we tell them whether they are covered at the time they make a claim. When you apply to join, your employees don't need to fill in a health history questionnaire. This means it's easy to apply and your employees can be covered quicker than if you choose other types of underwriting.

3

Continued Personal Medical Exclusions Underwriting (CPME/Switch)

If you've already got a company health insurance plan with someone else, you could choose Continued Personal Medical Exclusions Underwriting.

4

Medical history disregarded underwriting

If you've already got a company health insurance plan with someone else and all members are currently insured on a Medical History Disregarded basis, or your company is currently uninsured with at least 20 employees to be covered, you could choose Medical History Disregarded Underwriting.

The Vitality Programme

We encourage members to lead a healthier life and reward you for doing so.

With all Personal Healthcare plans, you get access to the Vitality Programme. This means as well as protecting you when things go wrong, we incentivise you to be healthier, and reward you for doing so.

By doing things like staying active, tracking your health and doing mindful activities, you can earn Vitality points. The healthier your efforts, the more points you earn, which contribute to your Vitality status: Bronze, Silver, Gold or Platinum.

For more information about our partners and rewards, please see our Guide to the Vitality Programme.

Benefits for your business

Employer Cashback

We have seen from our research that employee engagement in health and wellbeing can be directly influenced by their employer.

A 10% increase in employee participation in workplace wellness programmes can be achieved by offering benefits that support promotion, and 7% by providing rewards for participation*. To help you achieve this, we will reward you, the employer, with cashback as an incentive to drive engagement. We look at the Vitality status each employee has achieved at the end of the plan year and, assuming your plan renews for the following plan year, we award cashback depending on the average Vitality status achieved by your employees as follows:

Vitality status	Bronze	Silver	Gold	Platinum
% Cashback	0%	2.5%	5%	10%

Example

20 employees on a plan. At the end of the plan year: Five have achieved Bronze status, 10 Silver, three Gold and two Platinum. The business would receive cashback equivalent to 3% of their annual premium (less Insurance Premium Tax): $(5 \times 0\%) + (10 \times 2.5\%) + (3 \times 5\%) + (2 \times 10\%) / 20 = 3\%$

About VitalityHealth

VitalityHealth is part of the Discovery Group, founded in 1992 and now operating in 40 markets worldwide.

VitalityHealth's core purpose is to enhance and protect your life, which is why we make it easier and more affordable for you to get healthier as well as providing you with quality care.

VitalityHealth is different to other insurers, as we realise that health risk is closely linked to people's lifestyle behaviour. This underpins our Shared-Value Insurance Model. By incentivising and encouraging our members to be healthier, not only do they benefit from improved health and wellbeing, but VitalityHealth as an insurer benefits from insurance savings from healthy members who are less likely to claim. These savings allow us to offer comprehensive cover with richer benefits, more valuable behavioural incentives, and more sophisticated pricing and underwriting. This approach benefits all stakeholders - the individual, the insurer, and broader society.

Better health, better levels
of cover and better premiums.

Important Information - Business Healthcare

For full details, please refer to the terms and conditions you receive when you join. If you want to see these sooner, please just ask.

Your Business Healthcare plan is an annual contract. We review your premiums and the terms and conditions each year and we'll always give you reasonable notice if we're going to change anything. There are some conditions and treatments that we can't cover. These are called exclusions. We list any personal medical exclusions on the membership certificate we give each employee when their cover commences. General plan exclusions are listed in the terms and conditions which can be found by logging on to the Member Zone at vitality.co.uk/member.

Who can apply for cover?

Employees of your company (including any director, partner or owner) who are aged 16 or over at their cover start date and who are engaged for reward by your company on a contract of service, working a minimum of 15 hours per week and subject to PAYE, can apply for cover.

Your employees' husband, wife or partner, who lives at the same address as your employee, and are aged 16 or over at their cover start date can apply for cover.

Your employees' children (including adopted children), as long as they are aged 25 or under when their cover starts can apply for cover.

If your employee is joining us from another insurer on a switch underwriting basis and their dependent children are aged 26 or over and are currently covered with them, as evidenced by their certificate of insurance, they can continue to be covered by us as dependent children.

Once they are accepted for cover, eligible dependent children can remain covered on that basis.

Children will be charged at an adult rate at the commencement or the renewal date on or after their 21st birthday (whichever is the earliest date).

All applicants must live in the UK for at least 180 days in each plan year. By this we mean Great Britain and Northern Ireland, including the Channel Islands and the Isle of Man.

If you choose Worldwide Travel Cover or Emergency Overseas Cover, we can cover any of your employees and their dependants as long as they are aged 79 or under.

Whilst we won't decline cover due to the occupation or pastimes of your employees or any insured dependants, we will not pay claims relating to the following:

- treatment for any condition or injury arising from working offshore in the extraction / refinery of natural / fossil fuels
- treatment for any condition or injury arising from working in the armed forces (including the Armed Forces Reservists)
- treatment for injuries arising from participation in high-risk activities. A full list is available upon request. Examples include motor racing, mountaineering at altitude, skydiving, and scuba diving not within your certified limits.

Please note that on application, you / your employees will be asked to inform us if any applicant is employed in any of the following occupations:

- professional or semi-professional sports
- working offshore in the extraction/refinery of natural/fossil fuels
- armed forces (including the Armed Forces Reservists)

We cannot offer company plans where all employees' are only employed by the armed forces (including the Armed Forces Reservists) because this doesn't fulfil our company occupation eligibility rules.

We can't cover chronic conditions

We cover acute conditions – in other words, diseases, illnesses or injuries that happen after your plan has started, and that are likely to respond quickly to treatment. While we can't cover long-term chronic conditions, whether they start before or after you take out cover, we can, subject to the terms and conditions of the plan, cover your insured members when they first become ill. We will pay for any consultant appointments and diagnostic tests covered by the plan that are needed to find out the cause of the symptoms. We will also pay for any initial hospital treatment they require in order to stabilise their condition.

However, there may come a point when the kind of treatment they are receiving appears only to be monitoring their state of health or keeping symptoms of their condition in check rather than actively curing it. When such circumstances arise, we will contact the claimant's GP or consultant to obtain further information about their condition and treatment and will advise them of the outcome. We will always take into account the claimant's own specific circumstances and we will never withdraw cover for that condition without giving them plenty of time to make alternative arrangements.

Your insured members may have a chronic condition if at least one of the following is true:

- They need ongoing or long-term monitoring for their condition, through consultations, check-ups and/or tests
- They need ongoing or long-term control or relief of their symptoms
- They need rehabilitation, or special training to cope with the condition
- The condition continues indefinitely
- The condition has no known cure
- The condition comes back, or is likely to come back

Often, medicines and preventative treatments can help with chronic conditions and these are usually available from the NHS.

But we can cover some other conditions that are caused by chronic conditions

Your insured members could develop an acute condition because of a chronic condition.

Whether we can cover the acute condition depends on how long they've had the chronic condition:

- If their chronic condition developed after their cover started, we cover the acute condition, subject to the terms and conditions of the plan.
- But if they already had the chronic condition when their cover started, we can't cover the acute condition.

We can't cover some other treatments and conditions

Full details of all the exclusions are contained in our terms and conditions, but unfortunately we can't ever cover:

- Any treatment received outside the UK, unless you've selected either the Worldwide Travel Cover or Emergency Overseas Cover option
- Any emergency treatment
- Normal pregnancy and childbirth, and most related conditions
- Cosmetic treatment, although some treatments are covered under our Weight Loss and Corrective Surgery benefit, see page 13 for further information
- Organ transplants
- Any treatments or practices that are experimental, unproven or unregistered

IMPORTANT INFORMATION

- Any treatment for learning difficulties, delayed speech disorders and other developmental problems.

We can still help with chronic conditions

While we can't pay for all the treatment, we can still help with some of the costs. Here are some examples of how we can do this:

Example 1 - Alan

Alan has been with VitalityHealth for many years. He develops chest pain and is referred by his GP to a consultant. He has a number of investigations and is diagnosed as suffering from angina. Alan is placed on medication to control his symptoms.

We cover Alan's initial consultations and tests and advise him that we will cover further consultations with his consultant until his symptoms are well controlled.

Two years later, Alan's chest pain recurs more severely and his consultant recommends that he has a heart bypass operation.

We confirm to Alan that we will cover this operation as it will substantially relieve his symptoms and stabilise the condition. We also advise him that we will cover his post-operative check-ups for one year to ensure that his condition has been stabilised.

Example 2 - Bob

Bob has been with VitalityHealth for three years when he develops hip pain. His GP refers him to an osteopath who treats him every other day for two weeks and then recommends that he return once a month for additional treatment to prevent a recurrence of his original symptoms.

As Bob's plan includes cover for alternative therapies, we pay for two weeks of treatment as this helps stabilise his symptoms. We also tell him that we cannot cover his regular monthly treatments, as these are designed just to keep the symptoms in check but that if his symptoms worsen he should contact us again.

If Bob's condition did deteriorate significantly and his consultant recommended a hip replacement, VitalityHealth would cover the cost of this. As the operation would replace the damaged hip and thereby cure Bob's problem, we would pay for all the costs relating to this operation.

Plan size

Business Healthcare is available to companies who have a registered UK address and 1-249 employees.

Payment of premium

You must pay us premiums for your insured employees and any insured dependants who are covered under the plan. You may only recover from employees the part of the premium that relates to their insured dependants.

We want to know if you're not happy

We're covered by the Financial Ombudsman Service, for all employees and for companies up to a certain level of turnover. They're an independent body that will investigate complaints if you need them to, at no extra cost to you. And it doesn't affect your right to legal action if they investigate and you're not happy with the outcome.

Your plan is bound by English Law and comes under the jurisdiction of the UK courts.
