The Vitality Programme

With our Business Healthcare plans everyone gets access to the Vitality Programme. This means as well as protecting you and your employees when things go wrong, we incentivise your employees to be healthier, and reward them for doing so. Our reward partners include Apple Watch, Caffè Nero and Expedia.

The Vitality Programme will also bring benefits to your business when you add employees to your plan. Our research has shown that, as employees get healthier, they have fewer sick days, have increased performance, and are a more engaged workforce, which in turn should help your business productivity*.

The Vitality Programme is based on three simple steps:

Understand your health

When you join, your employees should register on our Member Zone and take the online Health Review. They'll also be able to find out their Vitality Age - our scientific calculation that assesses the impact of their lifestyle on their health.

Get healthier

We give your employees discounts and rewards on things that can help them get healthier.

Be rewarded

When your employees do healthy things, we give them points. Their healthy behaviours will be rewarded with short-term Active Rewards to keep them motivated, like a Caffè Nero drink on us, and ODEON and Vue cinema vouchers. In addition, the points they earn will count towards their Vitality status.

The more points, the higher your employees status becomes, starting from Bronze through to Silver, Gold and finally Platinum. Your employees Vitality status gives them something to aim for and the higher their status the bigger the rewards, such as discounts on hotel bookings with Expedia and Mr & Mrs Smith.
