

Sharing the benefits
of healthy living

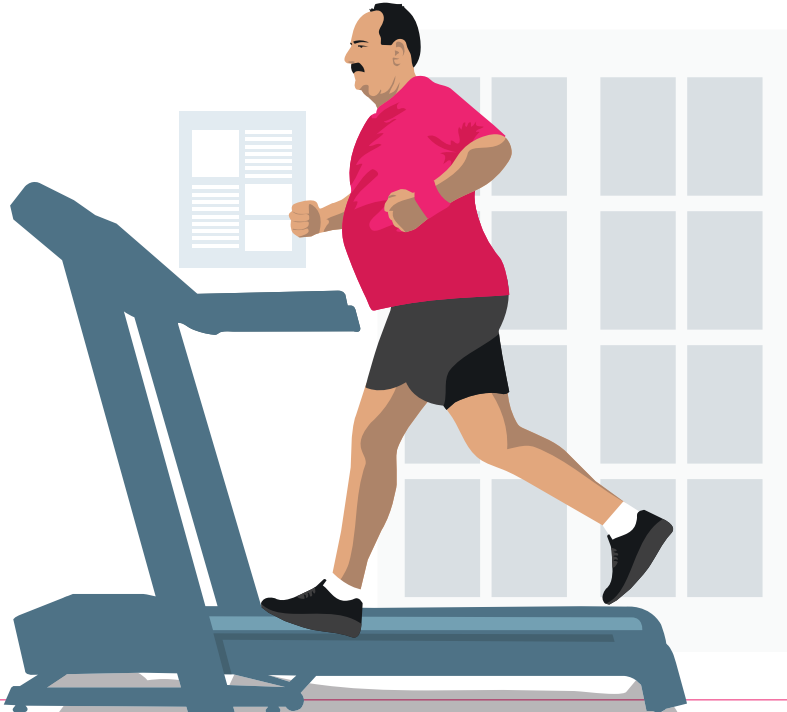

Access our best available premium with Optimiser

The idea of Optimiser is simple: the more you look after your health, the more likely you are to stay healthy. This is good for you - and good for us. So, we share the benefits of your healthy habits by giving you access to our best available premium.

You can keep your premiums low by taking steps to look after your health. Giving you control over the cost of your cover, and another reason to make healthy choices.

As with all our award-winning life cover, you'll automatically get access to our compelling rewards and discounts. And if your plan qualifies, you can enjoy our extended range of partners and rewards for an additional fee.

Our best available premium

When you add Optimiser to your Personal Protection Plan, Business Protection Plan or Relevant Life Plan, you'll receive:

- ✓ Up to 30% lower than our standard premium on fixed-term cover - depending on the length of your term.
- ✓ Up to 40% lower than our standard premium on Whole of Life Cover - depending on your age.

This discount only applies to your premium. It won't apply to any additional fee you might pay to access our extended range of discounts and rewards.

Keep your premiums low

When you do healthy things, we give you points which count towards your Vitality status. Depending on your Vitality status, you can keep your premiums low.

Look at how your premium changes every year with Optimiser:
